**Page:** The Love Style Quiz

**Description:** Faces representing each of the 5 love styles

Each person's childhood experiences form the roots of who they are; continuing to inform the way that person responds to others or expresses love, even far into adulthood. The result of all these experiences are actually very predictable because people tend to fall into one of five special categories: called "Love Styles" .

This quiz will score you in each of the five Love Style categories, with a high score in any category signaling a trouble area. While most people will have a single, dominant Love Style, it is possible for you to have multiple problem areas. Don't worry, at the end of the quiz we'll explain your results and provide you with some next steps to begin your emotional recovery.

This quiz takes about 15 minutes to complete.

**Page:** Personal Page

**Description:** Mr. Strong Tiger' s personal page

Picture Wall:

Hobby: swimming, traveling and hunting

Intro: Hi, lady, my name is Strong. I' m a fun-loving cat who' s a happy dog-dad to my girl Roxie. My friends would probably describe me as goofy but somehow I always end up being the responsible one. I have a lot of hobbies to keep up with. At the moment I' m focused on softball and swimming. One helps me get out and be social and the other helps me get away from it all. If you don' t mind the pup or a little bit of a goof we could be a pretty good pair.
